ENERGY STAR® Certification Confirmation for Model V110 to Computers v8.0.

Dear Darren Lai,

This letter serves as confirmation that the data provided by SGS Taiwan Ltd., Safety Laboratory for testing of your model V110 Notebook PC to the ENERGY STAR® Program Requirements for Computers V8, has been reviewed and found acceptable.

The EPA will be notified that your product meets the program requirements and the product specifications will be forwarded to the EPA for inclusion in the Qualified Products list. As your product is now ENERGY STAR® certified, it may bear the ENERGY STAR® logo in accordance with your partnership agreement with the EPA.

If you have any questions regarding this certification confirmation, please contact the Energy Efficiency Program Administrator, Martin Dodd (martin.dodd@sgs.com) at 770.570.1802.

Thank you and best regards,

A handwritten signature in black ink, appearing to read 'Martin Dodd'.
